The Bloor West Nursery School (BWNS) is affiliated with Runnymede United Church. It is a licensed facility under the Child Care and Early Years Act, 2014 (CCEYA) and Ontario Regulation 137/15¹, and receives annual inspections from the Ministry of Education, Toronto Children's Services and Toronto Public Health. **Bloor West Nursery School is enrolled in the Canada Wide Early Learning and Child Care (CWELCC) System.**

BWNS is a not-for-profit organization operated by the School Director (RECE Teacher) and the Associate RECE Teacher, with policies set and guidance provided by a volunteer Board of Directors. The Board members include current and former parents of BWNS students, members of Runnymede United Church and those with pedagogical training or interest. The Board meets regularly during the year. The teachers view each child as a unique individual and are keen to listen and observe as their students embark in their first school experience. Our teachers consider their own practices and approaches and the impacts they have on children, families, and others. BWNS strives to deliver a high quality program that enriches children's learning, development, health and wellbeing.

PROGRAM STATEMENT

The Bloor West Nursery School takes a holistic approach to nursery school. We believe that each child has been created unique, and our program is carefully crafted to foster social, physical, cultural and intellectual growth and stimulation. Equally, we view children as being competent, capable, curious and rich in potential. One of the primary goals is to help children become accustomed to routines and group socialization. BWNS offers a structured and safe environment where children can explore and play at their own pace. It is a program that helps prepare children for Junior Kindergarten. Our teachers are reflective in their teaching and will implement various strategies in communicating with students. The BWNS classroom is a warm, nurturing and welcoming environment.

ELECT PRINCIPLES²

The BWNS program is informed by the ELECT principles. More information is available in the document [How Does Learning Happen?](#)¹ See: <https://www.edu.gov.on.ca/childcare/HowLearningHappens.pdf>

- Principle 1:** Positive experiences in early childhood set the foundation for lifelong learning, behaviour, health, and wellbeing.
- Principle 2:** Partnerships with families and communities are essential.
- Principle 3:** Respect for diversity, equity, and inclusion is vital.
- Principle 4:** An intentional, planned program supports learning.
- Principle 5:** Play and inquiry are learning approaches that capitalize on children's natural curiosity and exuberance.
- Principle 6:** Knowledgeable, responsive, and reflective educators are essential.

ENGAGEMENT WITH PARENTS & ASSESSMENT OF THE CHILDREN

The teachers maintain ongoing communication with parents about their children's progress and the program throughout the school year in person, by telephone or through email. A portfolio on each student is kept throughout the school year and is sent home at the end of June.

PARENT & COMMUNITY INVOLVEMENT

A parent who has an occupation, talent or hobby or even a favourite story or song, suitable for presentation and discussion with the children, is welcome to share it with the class. In accordance with the BWNS Volunteer Policy, a Vulnerable Sector Screening and a TB test must be obtained before volunteering in the classroom (more information under Volunteer Policy).

CONTINUOUS PROFESSIONAL LEARNING & ASSESSMENT OF APPROACHES

The teachers will update their CPR training yearly and complete first aid training every three years. In addition the teachers will take professional in-class and online learning courses every year. The teachers regularly review the ELECT principles and refer to the Ministry's document on *How Does Learning Happen?* The Board of Directors fully supports the teachers in their journey to grow as educators.

Year-end review with teachers and the School Director includes a discussion of the Questions for Reflection that are located at the end of *How Does Learning Happen?* The ELECT Principles will be reviewed with the teachers to assist in assessing the impact of the program on children and their families. Input from parents on the strategies outlined in the Program Statement is welcome.

PROGRAM DEVELOPMENT

We incorporate themes into our teaching. Examples of themes identified as stimulating to preschoolers are: All About Me, Special Holidays, Seasons, Dinosaurs, Animals, Multiculturalism, Butterfly Observation and Community Helpers.

Music is incorporated into the program, occasionally using various props and rhythm instruments. The children learn to sing a variety of songs in English and French.

Activity Time allows the children to move around the room and engage in various activities. There are puzzles, cognitive toys, building blocks, a sensory area, science table and a dramatic play center among other activities. The children are encouraged to participate and experiment in the art area using chalk, paints, crayons, markers, and collage materials.

PROGRAM DEVELOPMENT (CONTINUED)

Creative Discovery Art takes place during activity time. Crafts are theme related and are completed daily. Both teachers work with all the children to encourage the use of the craft materials and to provide creative ideas.

The Gym Program is every day. There are bikes, balls, basketball hoop and various gross motor activities. The children learn to engage and play fun co-operative games.

Show and Tell is twice a month and theme related. Please refer to the days and theme in the monthly newsletter and calendar for Show and Tell.

Health and Safety: A nutritious snack is provided daily. Children also learn to wash their hands before and after snack, after using a tissue and after using the washroom.

- **Self-Regulation:** The teachers strive to support children's developing ability to self-regulate by being responsive and attuned to children's individual cues, arousal states, and responses to various stressors. Furthermore, they will help children learn strategies for becoming or staying calm and focused by enabling them to recognize and modulate their emotional states and impulses and become more aware of the effects of their actions on others.
- The children are encouraged to tidy up their toys in the classroom. The children learn where equipment belongs and to put it away neatly. This creates a sense of accomplishment and of working together.

COMMUNICATION WITH PARENTS

Newsletters and the school calendar are theme-related and issued at the beginning of each month via email by the teachers. The teachers also post current events and activities to the school's Facebook page. The teachers welcome open communication with all parents and care givers throughout the school year. Parents are encouraged to contact the teachers if they wish to discuss any issue regarding their child's experience at BWNS. A phone conversation or meeting will be set up (also see Specialized Services below). Likewise, the teachers will also contact the parent if necessary. The Board of Directors fully supports the teachers in their communication and the School Director is always available to discuss any issue with a parent.

BEHAVIOUR MANAGEMENT

The teachers at BWNS follow Behaviour Management Guidelines approved by the Ministry of Education. This approach emphasizes positive reinforcement, allowing children to develop independence and social skills within a structured environment.

PROHIBITED PRACTICES

In accordance with the Ontario Regulation 137/15:General of the Child Care & Early Years Act 2014, BWNS shall not permit:

A first aid kit is kept in the classroom for emergency purposes.

Communicable Diseases Policy: Through proper hygiene and an Illness Exclusion Policy that outlines when ill children are required to stay home, the nursery school is committed to keeping students as healthy as possible. To minimize the spread of communicable diseases:

- Any child that has a communicable disease is required to stay home until he/she is no longer infectious.
- If a child develops symptoms of illness while at school, the parent will be notified so the child can be taken home.
